TECHNICAL SKILLS

Programming & Scripting Languages

Java, Python,JavaScript, TypeScript, PHP, C++,

Web Development

- Frontend: React, HTML, CSS, Tailwind CSS
- Backend: Django, Node.js, Express

Databases & Data Management

- SQL: MySQL, PostgreSQL
- NoSQL: MongoDB
- ORM & Data Handling:Mongoose, Django ORM

DevOps & Version Control

- Git, GitHub, GitLab
- CI/CD concepts, basic Docker usage

LANGUAGES

- Kinyarwanda (Fluent)
- English(Fluent)
- French(Basic)

PROFILE

Software Developer and IoT Embedded Computing Systems postgraduate student at the University of Rwanda, with experience in Java development, web applications, database management, and IoT solutions. Passionate about building innovative, scalable software and intelligent connected systems to solve real-world problems.

WORK EXPERIENCE

SOFTWARE DEVELOPER NOV 2024 - OCT 2026

SANTECH LTD

- Developed and maintained Java desktop and web applications.
- Integrated databases and implemented application features.
- Troubleshot software issues and improved system performance.
- Coordinated project tasks and supported software delivery.

Software Developer (Professional Internership) May 2024 - OCT 2024

SANTECH LTD

- Assisted in developing and maintaining Java-based applications.
- Supported database integration, CRUD operations, and application testing.
- Identified and resolved software bugs under senior developers' guidance.
- Collaborated with the development team to implement features and improve application functionality.

TVET Trainer March 2023 - May 2024

KIVU HILLS ACADEMY

- Taught software development concepts and programming fundamentals.
- Guided students in practical coding and application development.
- Prepared lessons, exercises, and programming assessments.
- Evaluated student progress and provided technical support.

EDUCATION

Master of Science in IoT, Embedded Computing Systems (ECS) 2024 - Present

University of Rwanda ACEIOT

Bachelors of Computer Science 2018 - 2023

University of Rwanda| Nyarugenge Campus
